

# One Man's TRASH

# is Another Man's TREASURE

Music, dance and puppetry bring found objects and trash to life in a story about consumer and personal values, recycling, and preserving a healthy environment. Written and directed by MPT Associate Artistic Director Azeeza Islam. Performed by professional artists and talented youth.

An urban youth moves beyond the drudgery of “taking out the garbage” to the realization that his actions can help to assure a cleaner earth for coming generations. His imagination is sparked by rhythms and creative play with found objects, as “garbage” comes to life around him.

The production is partially funded by the Wisconsin Arts Board with funding from the State of Wisconsin, National Endowment for the Arts, Milwaukee Arts Board, Milwaukee County CAMPAC, United Performing Arts Fund, Milwaukee Public Schools Partnership for the Arts, and numerous individuals and organizations.
